## (Senior) SAP Developer Procurement – EU Area (m/f/d)\*

We, as parasus GmbH, are the supplier for consulting and development services in the field of procurement and purchasing. We focus on the use of software solutions in the SAP environment.

### We offer you...

- An above market salary between 65.000€ and 75.000€
- Home office and complete workplace equipment – you have the flexibility to work from your desired location in the EU
- The opportunity to develop your individual strengths and interests – all within the framework of transparent personnel development
- Flexible working hours – you can work at your own pace and plan your day independently
- Appreciation, the opportunity to contribute to the company and a voice
- Project management and sparing
- Clear communication and a feedback culture

### What your tasks will look like...

- As a developer you are responsible for the conception of solution proposals and the technical design of requirements in at least one of the following areas: SAP S/4 Procurement (MM), SAP SRM, or interfaces from SAP S/4 HANA to non-SAP systems using ALE (IDOCs), OData, SOAP (XML).
- You implement, among other things, user exits, BAdIs, reports – everything needed to accommodate the individual requirement of the customer's processes
- You develop specific applications to fill gaps within SAP Procurement solutions using Fiori / Odata and the SAP Cloud platform.
- You evaluate new technologies in the SAP S/4 environment and pass on expertise to your colleagues, additionally you act as a mentor for other developers within your team

### What your profile looks like...

- "Do instead of complain" attitude
- You are a strong communicator and have excellent problem-solving skills
- You are self-organized, motivated, and bring a high level of initiative to learn and develop continuously
- Strong analytical skills to translate customer requirements into technical concepts (WRICEF developments, ABAP/ABAP OO)
- Knowledge of software architecture
- Good to very good knowledge of the German and English language
